Item 8.01 Other Events

Effective November 19, 2018, Vantage Drilling International (“Vantage”) concluded a settlement agreement with the United States Securities and Exchange Commission (the “SEC”) resolving the SEC’s investigation into possible violations of the internal accounting control provisions of the U.S. Foreign Corrupt Practices Act (“FCPA”) by its former parent company, Vantage Drilling Company, a Cayman Islands exempted company (“VDC”), and VDC’s subsidiaries (including Vantage and Vantage’s subsidiaries, the foregoing having been subsidiaries of VDC at the commencement of the investigation). As part of the settlement, which arose out of VDC’s dealings with Petroleo Brasileiro S.A., Vantage has agreed to pay \$5 million. Vantage neither admitted nor denied any of the SEC’s allegations, except as to jurisdiction, which it admitted. Vantage accrued a liability for the payment in the fourth quarter of 2017. With the settlement of this matter with the SEC and the earlier decision by the United States Department of Justice to close its inquiry into Vantage and VDC without taking any action, the investigation of Vantage and VDC by the United States government for possible violations of the FCPA has formally concluded.

On November 19, 2018, the Company issued a press release announcing the above-mentioned settlement. A copy of the press release is attached as Exhibit 99.1 hereto and is incorporated herein by reference.
